

# Benefits of Membership

## The power to shape policy

As a member of the Canadian Chamber of Commerce, you are part of Canada's largest and most influential business network: the chamber network. While we are a primary and vital connection between you and the federal government, our chamber of commerce and board of trade members connect you to the municipal, regional, provincial and territorial levels of government, empowering you to influence policy and decision-making to the benefit of businesses, communities and families across Canada.

The ability to connect 200,000 businesses and organizations of all sizes, sectors and regions and to speak to all levels of government with one voice—a voice that is heard and respected amongst policymakers—is what gives our chamber network its power.

## Professional growth and prosperity

From peer-to-peer networking events to professional development sessions, from business leader roundtables to expert policy committees, we offer you plenty of opportunities to get involved in activities that will allow you to grow professionally and protect and promote your best business interests.

## Access to a wealth of information

Through our various communications vehicles and direct access to our policy experts, your membership investment opens the door to a wealth of information on federal legislation, business initiatives and organizational know-how.

## Member benefit programs

We can assist you in improving your bottom line through our various benefit programs.
